OBJECTIVE

To utilize my software development expertise to design and implement innovative, user-centric solutions while continuously advancing my technical skills to contribute to organizational success and create impactful applications.

MOSES JOJOLOLA

SOFTWARE DEVELOPER

EXPERIENCE

2021–2024

SOFTWARE DEVELOPER • INTERSHIP • SQI COLLEGE OF ICT

- I break down complex coding concepts into understandable and practical lessons.
- I assist students in building projects, debugging code, and applying theoretical knowledge.
- I develop software, write clean code, and solve technical problems using programming languages like JavaScripts

EDUCATION

THE POLYTECHNIC, IBADAN, OYO STATE

- I Studied Computer Science

COMMUNICATION

- Communicated with cross-functional teams during an internship to ensure timely delivery of a web application.
- Collaborated with a team of 4 to design a web application, presenting progress and challenges in weekly meetings.

SKILLS

- **Core JavaScript** (Proficiency with JavaScript frameworks and libraries e.g., React, Next.js, Vue.js).
- **Front-End Development** (Proficiency in HTML5, CSS3, and CSS Framework like Bootstrap, Tailwind etc)
- **Back-End Development** (Experience with back-end frameworks like Express.js or Nest.js)
- **Database Knowledge** (I'm working with databases like MongoDB)
- **Version Control and Collaboration** (Proficiency in Git and platforms like GitHub)
- **Testing and Debugging**
- **Performance Optimization** (Familiarity with browser dev tools for profiling and debugging.)
- **Soft Skills** (Problem-solving and logical thinking)
